BD Calling Ltd.

February 2023 - February 2023

BD Calling Ltd. is a large Design agency in Bangladesh. I worked on there by a supervised of a Senior UX Designer. I assisted on design. Working adhoc stuff a lot.

- Website Design
- Mobile App Design

Health Bondhu Ltd.

February 2022- November 2022

Health Bondhu is a startup teli medicine platfrom. I do design their entire mobile application. Maintain their design systems, prototype the full MVP application

- Mobile app UI Design
- Website Design
- Prototype 130 screen app UI

Course and Certifcaiton

Ostad

February 2022- August 2022

I enrolled Ostad 120 Days UX/UI Design bootcamp. Its a fantastic experience for me. On this course we mostly focus on problem solving in Design. I get all of my confusion from them and research on a unique project idea.

UY Lab

November, 2021 - January, 2022

I finished my Graphics and User Interface Design course from UY lab. It was a three-month SEIP project. Here, I learned about graphics design systems, rules, and most importantly human behavior in design. I also understood what international marketplaces require and Color system. It was a great experience

Education

South East University

Summer 2020- Summer 2023

I completed a four-year diploma in engineering and started an undergraduate study in Electrical and Electronics Engineering at Southeast University. Complete My Bsc in 2023 December.
